

NTR Govt Degree College : Valmikipuram
Chemistry Department

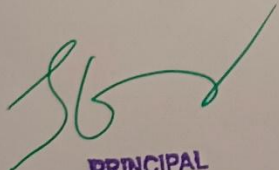

Report on the Guest Lecture

A Guest Lecture is conducted for the Students of II B.Z.C (IVth Sem) on the topic of ^{RED}INFRA, SPECTROSCOPY by **Dr.K.Reddy Mohan Naidu**, Associate Professor in Chemistry, S. V. Engineering College, Tirupati on 03-02-2022 from 11.30 – 1.00pm as the Part of Curricular Activity.

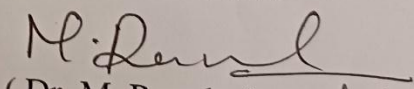

No. of Students attended = 16

Outcomes of the Programme:

1. Students learned about the Principle of Infrared Spectroscopy.
2. Student learned about the types of vibrations occurred in the molecules.
3. Students learned how the structure of molecule can be interpreted by the IR Spectra.
4. Students learned about the applications of IR Spectroscopy.
