## **Action Taken Report on Feed Back on Student Satisfaction Survey on Teachers and Curriculum for the academic year 2021-22**

We have conducted student satisfaction survey on teachers and curriculum for the academic year 2021-22. All the students have actively participated in this survey. Almost all the students have given good feedback on teachers and they have given good grade points on 20 points of student satisfaction survey on teachers and curriculum.

Some of the students have given low grade points to some of the teachers and curriculum due to lack of awareness regarding the feedback system. After analyzing the response of the students, the IAC have framed the report. The feedback report framed was submitted in a meeting called by The Principal of the College in Principal's Chamber and threadbare discussion and deliberation were held regarding the feedback responses of the stake holders. On the basis of feedback received from students, the Principal instructed and suggested to the faculty to improve their standards and teaching skills and methodology and also suggested them to improve ICT skills.
