Report on

Guest Lecture on "Python"

Conducted by Department of Computer Applications

30-07-2022

GUEST LECTURE

The Department of Computer Applications has conducted a Guest Lecture on "Python" for I,II and III B.Com(CA) students on 30th July, 2022 delivered by Dr. M.Nishanth Kartheek, Lecturer in Computer Science and Engineering, GITAM University, Hyderabad.

Objectives of the Programme

1. To know about the importance of python in engineering field.

2. To understand why Python is a useful scripting language for developers.

3.To learn how to design and program Python applications

In recent years, this has been a great advantage in Software field. Python is one amongst in the field of Computers which has vast applications in all areas. The purpose of the Guest Lecture is to improve the knowledge on Python to Computer Applications students which helps them to understand the programming language.

The Guest Lecture focused on the role of Python in web development, back-end development, software development, data science and more models etc. The importance of Python was explained clearly by taking examples and career opportunities in software industry.

At the end of the Lecture students interacted with the Resource Person and they felt happy for it's of great use to them. The resource person has clarified the doubts raised by some students in the interaction session.
