Report on

Guest Lecture on "HTML"

Conducted by Department of Computer Applications

02-03-2023

GUEST LECTURE

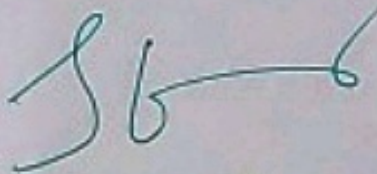

The Department of Computer Applications has conducted a Guest Lecture on "HTML" for I,II and III B.Com(CA) students on 2nd March, 2023 delivered by Dr. C.S.Udaya, Lecturer in Computer Applications, SWR Government Degree College for Girls, Kalikiri.

Objectives of the Programme

The HTML (Hypertext Markup Language) is the code that is used to structure a web page and its content. Hypertext defines the link between web pages. A markup language is used to define the text document within the tag which defines the structure of web pages. It is a markup language that defines the structure of your content. HTML consists of a series of elements, which you use to enclose, or wrap, different parts of the content to make it appear a certain way, or act a certain way.

The Guest Lecture focused on the role of HTML in various fields like Science and Engineering.

At the end of the Lecture students interacted with the Resource Person and they felt happy for it's of great use to them. The resource person has clarified the doubts raised by some students in the interaction session.
